Project Description

The provision of a long-term senior secured loan is for the acquisition, construction, and operation of the 19.2MW Krzecin wind farm and the 39.6MW Kuslin wind farm, a project initiated by Forthewind sp. z o. o and Sevivon Windpark 2 sp. z o. o, two Polish companies established by WKN GmbH.

The project will contribute to climate change mitigation and Polish energy green transition by increasing the share of renewable energy generation in Poland and add 59 MW wind generation capacity to the national energy system. In addition, the project will strengthen the private sector's role in the renewable energy sector in Poland.

ACCOUNTABILITY MECHANISM OF EBRD

The Project Complaint Mechanism (PCM) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an European Bank for Reconstruction and Development (EBRD)-financed project. If you submit a complaint to the PCM, it may assess compliance with EBRD's own policies and procedures to prevent harm to the environment or communities or it may assist you in resolving the problem that led to the complaint through a dialogue with those implementing the project. Additionally, the PCM has the authority to recommend a project be suspended in the event that harm is imminent.

You can contact the PCM at: pcm@ebrd.com or you can submit a complaint online using an online form at: http://www.ebrd.com/eform/pcm/complaint_form?language=en

You can learn more about the PCM and how to file a complaint at: http://www.ebrd.com/work-with-us/project-finance/project-complaint-mechanism.html
