### Project Description

According to the bank website, Banie Phase 3 windfarm is a provision of a long-term senior secured loan to Gaberpoint Investments sp. z o.o Banie 3 sp.j. to finance the development, construction, and operation of the 81.4MW Banie Phase 3 wind farm located in north-western Poland. The project will contribute to climate mitigation by increasing the share of renewable energy generation in Poland and add 81.4 MW wind generation capacity to the national energy system. In addition, the project will strengthen the private sector's role in the renewable energy sector in Poland.

### ACCOUNTABILITY MECHANISM OF EBRD

The Project Complaint Mechanism (PCM) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an European Bank for Reconstruction and Development (EBRD)-financed project. If you submit a complaint to the PCM, it may assess compliance with EBRD's own policies and procedures to prevent harm to the environment or communities or it may assist you in resolving the problem that led to the complaint through a dialogue with those implementing the project. Additionally, the PCM has the authority to recommend a project be suspended in the event that harm is imminent.

You can contact the PCM at: [pcm@ebrd.com](mailto:pcm@ebrd.com) or you can submit a complaint online using an online form at:

[http://www.ebrd.com/eform/pcm/complaint\\_form?language=en](http://www.ebrd.com/eform/pcm/complaint_form?language=en)

You can learn more about the PCM and how to file a complaint at: <http://www.ebrd.com/work-with-us/project-finance/project-complaint-mechanism.html>
