### Project Description

According to the bank website, the project consists of the establishment of a Supply Chain Solutions Framework with an overall limit of up to EUR 150 million. Under the Framework, the EBRD will participate through unfunded and funded risk-sharing arrangements with partner banks in the supply chain finance programmes they extend to large companies known as "aggregators" with suppliers based in EBRD countries of operations. The Framework will cover multiple business sectors.

The objectives of the Framework are threefold: (i) provide suppliers in EBRD CoOs, particularly SMEs, with better and more affordable access to working capital finance; (ii) facilitate the alignment of Anchor Buyers and their suppliers alike (particularly SMEs) with best practice ESG standards that make the supply chains in EBRD CoOs to which they form part more sustainable and resilient and (iii) serve as a mechanism through which the EBRD can provide emergency liquidity to supply chains in its CoOs during crises.

### ACCOUNTABILITY MECHANISM OF EBRD

The Project Complaint Mechanism (PCM) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an European Bank for Reconstruction and Development (EBRD)-financed project. If you submit a complaint to the PCM, it may assess compliance with EBRD's own policies and procedures to prevent harm to the environment or communities or it may assist you in resolving the problem that led to the complaint through a dialogue with those implementing the project. Additionally, the PCM has the authority to recommend a project be suspended in the event that harm is imminent.

You can contact the PCM at: [pcm@ebrd.com](mailto:pcm@ebrd.com) or you can submit a complaint online using an online form at:
