Project Cost (USD)	$ 99.01 million

Project Description

According to the Bank's website, the project provides funding to the Ministry of Finance (to be on-lent to the City of Tbilisi for the benefit of Tbilisi Transport Company Ltd) to finance the acquisition of a new bus fleet of approximately 200 modern 18-meter low-floor articulated compressed natural gas buses and the construction of a new depot for these buses.

The Project will support the City to complete the bus fleet renewal by fully replacing outdated polluting buses with modern environmentally cleaner buses. The Project will bring significant social benefits by facilitating easy access for passengers, and those with limited movement, including the elderly and the disabled; and improve the reliability, safety and efficiency of public transport, while the CNG technology will reduce harmful toxic emissions affecting air quality.

ACCOUNTABILITY MECHANISM OF EBRD

The Project Complaint Mechanism (PCM) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an European Bank for Reconstruction and Development (EBRD)-financed project. If you submit a complaint to the PCM, it may assess compliance with EBRD's own policies and procedures to prevent harm to the environment or communities or it may assist you in resolving the problem that led to the complaint through a dialogue with those implementing the project. Additionally, the PCM has the authority to recommend a project be suspended in the event that harm is imminent.

You can contact the PCM at: pcm@ebrd.com or you can submit a complaint online using an online form at: http://www.ebrd.com/eform/pcm/complaint_form?language=en

You can learn more about the PCM and how to file a complaint at: http://www.ebrd.com/work-with-us/project-finance/project-complaint-mechanism.html
