## Project Description

The transaction will contribute to the objectives of TurSEFF III by supporting the "Green" and "Competitive" transition impact qualities towards building a green economy by facilitating the expansion of resource efficiency and renewable energy lending while building a more competitive financial sector through developing the internal capacity of the participating financial institutions for financing green economy projects in Turkey. The proceeds of the EBRD's investment will be used to on-lend to eligible companies to finance resource efficiency and small-scale renewable energy investments. The proposed transaction will be the eighth sub-project and AkLease's second under the Framework.

## ACCOUNTABILITY MECHANISM OF EBRD

The Project Complaint Mechanism (PCM) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an European Bank for Reconstruction and Development (EBRD)-financed project. If you submit a complaint to the PCM, it may assess compliance with EBRD's own policies and procedures to prevent harm to the environment or communities or it may assist you in resolving the problem that led to the complaint through a dialogue with those implementing the project. Additionally, the PCM has the authority to recommend a project be suspended in the event that harm is imminent.

You can contact the PCM at: [pcm@ebrd.com](mailto:pcm@ebrd.com) or you can submit a complaint online using an online form at:

[http://www.ebrd.com/eform/pcm/complaint\\_form?language=en](http://www.ebrd.com/eform/pcm/complaint_form?language=en)

You can learn more about the PCM and how to file a complaint at: <http://www.ebrd.com/work-with-us/project-finance/project-complaint-mechanism.html>
