## Project Description

According to bank provided information, the investment involves the provision of a USD 25 million two-year working capital loan (the "Loan") to United Metals Company (the "Borrower" or the "Company") to support the Company's working capital needs amidst the COVID-19 pandemic.

The project objective is to support the working capital requirements of the Borrower. Pandemic-related supply disruptions had contributed to soaring copper prices, including copper cathodes - the Borrower's key production input, during the second half of 2020 and continuing into 2021. The Loan will enhance the Company's financial resilience to withstand the potential negative implications of the COVID-19 pandemic through providing funding to source raw materials.

## ACCOUNTABILITY MECHANISM OF EBRD

The Project Complaint Mechanism (PCM) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an European Bank for Reconstruction and Development (EBRD)-financed project. If you submit a complaint to the PCM, it may assess compliance with EBRD's own policies and procedures to prevent harm to the environment or communities or it may assist you in resolving the problem that led to the complaint through a dialogue with those implementing the project. Additionally, the PCM has the authority to recommend a project be suspended in the event that harm is imminent.

You can contact the PCM at: [pcm@ebrd.com](mailto:pcm@ebrd.com) or you can submit a complaint online using an online form at:

[http://www.ebrd.com/eform/pcm/complaint\\_form?language=en](http://www.ebrd.com/eform/pcm/complaint_form?language=en)

You can learn more about the PCM and how to file a complaint at: <http://www.ebrd.com/work-with-us/project-finance/project-complaint-mechanism.html>
