Project Description

According to the bank website, the project consists of a loan of up to EUR 12 million to the Autonomous Province of Vojvodina for financing the energy efficiency measures in up to 80 public buildings across the Province. The Project will be co-financed by an investment grant of EUR 1 million provided by the European Union under the Regional Energy Efficiency Programme ("REEP") for the Western Balkans.

The Project is expected to result in energy cost savings and reduction of CO2 emissions, as well as improvement in the comfort of indoor conditions. In total, up to 80 public buildings will benefit from energy efficiency measures including (i) installing thermal insulation to building walls and roofs, (ii) upgrading heating, ventilation and air conditioning systems, including replacement of inefficient and/or coal fired boilers, (iii) installing high-efficiency lighting systems, and (iv) replacing inefficient windows with insulated windows.

ACCOUNTABILITY MECHANISM OF EBRD

The Project Complaint Mechanism (PCM) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an European Bank for Reconstruction and Development (EBRD)-financed project. If you submit a complaint to the PCM, it may assess compliance with EBRD's own policies and procedures to prevent harm to the environment or communities or it may assist you in resolving the problem that led to the complaint through a dialogue with those implementing the project. Additionally, the PCM has the authority to recommend a project be suspended in the event that harm is imminent.

You can contact the PCM at: pcm@ebrd.com or you can submit a complaint online using an online form at: http://www.ebrd.com/eform/pcm/complaint_form?language=en

You can learn more about the PCM and how to file a complaint at: http://www.ebrd.com/work-with-us/project-finance/project-complaint-mechanism.html
