EBRD-52999

Quick Facts

Countries	Romania
Financial Institutions	European Bank for Reconstruction and Development (EBRD)
Status	Approved
Bank Risk Rating	B
Voting Date	2022-05-03
Borrower	Calihory Group
Sectors	Industry and Trade
Investment Type(s)	Loan
Investment Amount (USD)	$ 12.55 million
Project Cost (USD)	$ 17.96 million

Project Description

According to the bank website, the project consists of a loan, with a tenor up to 6 years including a 1.5 year grace period. The new CAPEX plan will consolidate the market position of the Group, allowing it to acquire pharmaceutical licences and expand its pharmacies network together with the continuation of its retail outlets refurbishment program. In the same time, it supports the further development of its wholesale business through the purchase of equipment required by the extension of its warehouse network as well as the the development of its own transport services capacity.

You can request information by emailing: accessinfo@ebrd.com or by using this electronic form: https://www.ebrd.com/eform/information-request

ACCOUNTABILITY MECHANISM OF EBRD

The Project Complaint Mechanism (PCM) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an European Bank for Reconstruction and Development (EBRD)-financed project. If you submit a complaint to the PCM, it may assess compliance with EBRD's own policies and procedures to prevent harm to the environment or communities or it may assist you in resolving the problem that led to the complaint through a dialogue with those implementing the project. Additionally, the PCM has the authority to recommend a project be suspended in the event that harm is imminent.

You can contact the PCM at: pcm@ebrd.com or you can submit a complaint online using an online form at: http://www.ebrd.com/eform/pcm/complaint_form?language=en

You can learn more about the PCM and how to file a complaint at: http://www.ebrd.com/work-with-us/project-finance/project-complaint-mechanism.html
