Abou Ghaly Motors - Electric vehicles

Project Description

According to bank provided information, the investment involves the provision of a senior loan of up to EGP 175 million (ca. EUR 9 million) to Abou Ghaly Motors ("AGM" or the "Company") to support acquisition of electric vehicles to expand mobility services offered by the Company and meet the growing demand in safe and reliable transportation in Egypt.

The objective of the Project is to support AGM's operational expansion along a low carbon transition pathway through electrification of the Company's fleet, which is expected to have a positive demonstration effect for electric mobility in both the public and private sectors of Egypt.

ACCOUNTABILITY MECHANISM OF EBRD

The Project Complaint Mechanism (PCM) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an European Bank for Reconstruction and Development (EBRD)-financed project. If you submit a complaint to the PCM, it may assess compliance with EBRD's own policies and procedures to prevent harm to the environment or communities or it may assist you in resolving the problem that led to the complaint through a dialogue with those implementing the project. Additionally, the PCM has the authority to recommend a project be suspended in the event that harm is imminent.

You can contact the PCM at: pcm@ebrd.com or you can submit a complaint online using an online form at: http://www.ebrd.com/eform/pcm/complaint_form?language=en

You can learn more about the PCM and how to file a complaint at: http://www.ebrd.com/work-with-us/project-finance/project-complaint-mechanism.html
