## Project Description

As stated by the EBRD, the project consists in the provision of EUR 25 million senior preferred unsecured loan to Banca Transilvania SA, the largest bank in Romania.

The proposed Project aims to support the resilience of Banca Transilvania, the largest systemic bank in Romania, in a market environment that has become even more challenging given the recent market disruption arising from the ongoing war on Ukraine, the inflationary pressures and remaining risks from COVID-19. Through this Project, BT will focus on on-lending to businesses in Romania, particularly MSMEs, which have been directly and indirectly impacted by the ongoing war and its economic spill-over effects on the regional economies.
