Project Description

According to the Bank's website, the project consists of the provision of a EUR100 million long-term senior unsecured loan in five equal tranches to Unicredit Bank Serbia (UCB) for on-lending to small and medium-sized enterprises (SMEs) in Serbia. The loan is extended under the EBRD Financial Intermediaries Framework (FIF) and UCB will have an option to choose the currency of each loan tranche (EUR or RSD) prior to the disbursement.

The loan is intended to facilitate the expansion of lending to private businesses through working capital lines and investment loans, including to enterprises operating in less economically developed regions of the country. Furthermore, the transaction supports UCB's growth strategy and provides a source of medium term local currency funding.
