## Project Description

As stated by the EBRD, the project consists of the provision of a senior unsecured loan of US\$ 25 million in KZT equivalent to JSC Home Credit Bank, Kazakhstan (HCBK) under the Kazakhstan Green Economy Financing Facility II (KazGEFF II).

The proceeds of the loan will be used to on-lend to eligible retail (and potentially SME) sub-borrowers, selected according to the technical, financial and environmental eligibility criteria in a gender responsive way.

The project will facilitate the expansion of green investments, providing positive demonstration effects of such investments, through gender-responsive on-lending to the private sector in Kazakhstan. It will also help develop the internal capacity of HCBK to finance Green Economy Transition (GET) projects and identify and fund advanced systems. Furthermore, it will support the accelerated market penetration of green technologies, which go beyond prevailing standards. The EBRD will engage with HCBK and assist the bank with implementation of the ESG disclosure regulations and guidelines to be launched by the local regulator.
