Investment Type(s)	Loan				
Investment Amount (USD)	\$ 45.60 million				
Loan Amount (USD)	\$ 45.60 million				
Project Cost (USD)	\$ 140.17 million				

Project Description

Please note that this is an update to the previously-published PSD under Operation ID 52857, for the KazREF II - Borey Wind project.

According to the EBRD, the project consists of the provision of a senior loan of up to US\$ 45.6 million equivalent (in US\$ and KZT) to Borey Wind LLP, a SPV incorporated in Kazakhstan, for the development, construction and operation of an onshore wind power plant and adjacent infrastructure including transmission line with an installed capacity of 100 MW in the Arshaly district of Akmola region, Kazakhstan. The Bank's loan will be utilised to cover the historical project costs.

The project will support Kazakhstan in its objective to increase the share of renewable energy in the energy mix, contribute to reducing Kazakhstan's carbon intensity, and address the country's increasing electricity demand.

The main construction and delivery of all 20 wind turbines has now been completed. The Client used the wind turbine generators manufactured by Windey Energy Technology Group Co Ltd, China-based company. Due to the risks associated with this sector, an enhanced supply chain due diligence was conducted during Bank's ESDD.

ACCOUNTABILITY MECHANISM OF EBRD

The Project Complaint Mechanism (PCM) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an European Bank for Reconstruction and Development (EBRD)-financed project. If you submit a complaint to the PCM, it may assess compliance with EBRD's own policies and procedures to prevent harm to the environment or communities or it may assist you in resolving the problem that led to the complaint through a dialogue with those implementing the project. Additionally, the PCM has the authority to recommend a project be suspended in the event that harm is imminent.

You can contact the PCM at: pcm@ebrd.com or you can submit a complaint online using an online form at: http://www.ebrd.com/eform/pcm/complaint_form?language=en

You can learn more about the PCM and how to file a complaint at: http://www.ebrd.com/work-with-us/project-finance/project-complaint-mechanism.html
