Project Description

According to the Bank's website, EBRD invested EUR 50 million in senior preferred bonds issued by Luminor Bank AS as part of a public issuance to EUR 300 million listed on Euronext Dublin. The bonds have a four-year maturity with a call option on the third year.

The project supports the resilience of a systemic bank through achieving regulatory compliance and ensures its continued access to international capital markets. The Project aims to scale up Green Economy Transition ("GET") financing in the Baltic countries with the Issuer agreeing to allocate 150% of the EBRD's invested amount into GET-eligible projects.

ACCOUNTABILITY MECHANISM OF EBRD

The Project Complaint Mechanism (PCM) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an European Bank for Reconstruction and Development (EBRD)-financed project. If you submit a complaint to the PCM, it may assess compliance with EBRD's own policies and procedures to prevent harm to the environment or communities or it may assist you in resolving the problem that led to the complaint through a dialogue with those implementing the project. Additionally, the PCM has the authority to recommend a project be suspended in the event that harm is imminent.

You can contact the PCM at: pcm@ebrd.com or you can submit a complaint online using an online form at:

http://www.ebrd.com/eform/pcm/complaint_form?language=en

You can learn more about the PCM and how to file a complaint at: <http://www.ebrd.com/work-with-us/project-finance/project-complaint-mechanism.html>
