## Project Description

According to the EBRD, the project consists of a senior unsecured loan to Armeconombank in the amount of up to USD 10 million in local currency under the Financial Intermediaries Framework for on-lending to private micro, small and medium enterprises ("MSMEs") in Armenia.

The project will improve access to finance for SMEs, which are the main source of employment in the private sector and a major contributor to the economy in Armenia. The loan will enable Armeconombank to increase outreach and meet unsatisfied demand for longer term funding from MSMEs. The focus will also be on lending in the regions outside the capital and attracting new MSME clients. Moreover, the bank will aim to on-lend the proceeds of the loan to women-led MSME's, promoting economic inclusion of female entrepreneurs.
