Project Description

As stated by the EBRD, the project consists of a senior secured loan of up to EUR 50 million in favour of Enlight K2-Wind d.o.o. Beograd, a limited liability company incorporated in Serbia and owned by Enlight Renewable Energy Ltd.. The loan proceeds will be used for the construction and operation of a 94.4 MW Wind Farm project in Serbia.

The Project will contribute to climate change mitigation and Serbian energy green transition by increasing the share of renewable energy generation in the country and adding new wind generation capacity to the national energy system. In addition, the Project will also strengthen the private sector presence in the renewable energy sector in the country.

Furthermore, the project benefits from contract for difference scheme, developed as part of extensive support from the EBRD, which has been working closely with Serbian authorities to put together the renewable energy regulatory framework and to conduct preparation and implementation of first renewable energy auction in the country.

ACCOUNTABILITY MECHANISM OF EBRD

The Project Complaint Mechanism (PCM) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an European Bank for Reconstruction and Development (EBRD)-financed project. If you submit a complaint to the PCM, it may assess compliance with EBRD's own policies and procedures to prevent harm to the environment or communities or it may assist you in resolving the problem that led to the complaint through a dialogue with those implementing the project. Additionally, the PCM has the authority to recommend a project be suspended in the event that harm is imminent.

You can contact the PCM at: pcm@ebrd.com or you can submit a complaint online using an online form at:

http://www.ebrd.com/eform/pcm/complaint_form?language=en

You can learn more about the PCM and how to file a complaint at: <http://www.ebrd.com/work-with-us/project-finance/project-complaint-mechanism.html>
