Project Description

According to the EBRD, the project consists of a senior unsecured loan in the amount of up to EUR 8 million to be provided to ProCredit Bank Georgia ('PCBG') to support investment financing for on-lending to women-led MSMEs in Georgia under the Women in Business (EaP WiB) Programme in the Eastern Partnership countries.

This will be the first WiB project between EBRD and PCBG, therefore adding one more participant to WiB framework. The project will address the gender related inclusion gap for access to finance in Georgia, as lending to women entrepreneurs might be hindered by the absence or shortage of collateral. The First Loss Risk Cover in PCBG's favour under EFSD+ Programme (Product 1), will enable the bank to enhance borrowing capacity of their target clientele. Moreover, as part of WiB programme EBRD will continue promoting women entrepreneurship and women participation in business by building or improving efficiency of respective entities through expertise and advisory services provided under the framework.
