Project Description

According to the EBRD, the project consists of the provision of a senior unsecured loan of up to US\$ 5.0 million to Arvand Bank under the Financial Intermediary Framework-Central Asian Women in Business (CA WiB) programme for on-lending to women-led MSMEs.

The project is the fourth WiB loan to the client following the successful realisation of a first pilot under the Taj WiB programme and a third transaction under the CA WiB. The transaction represents a continuation of the previous engagements, aiming to further support women-led MSMEs in Tajikistan by providing financing opportunities for their business activities and access to know-how.

The project is a sub-operation of the CA WiB programme. It contributes to the objectives of the Central Asia Women in Business Programme, supporting the Inclusive and Competitive transition impact qualities, with the ultimate goal of promoting female entrepreneurship and, more broadly, women's active participation in business, thus alleviating gender inclusion gaps in terms of "access to finance" and "employment and business".
