SectorsFinanceInvestment Type(s)LoanProject Cost (USD)\$ 5.00 million

#### **Project Description**

According to the Bank's website, the project consists of the provision of a senior MSME loan of up to USD 5.0 million (EUR 4.6 million) in favor of Palestine for Credit and Development (FATEN), a non-profit microfinance institution incorporated in the West Bank and Gaza in 1999. The MSME loan will be structured in two equal tranches (USD 2.5m committed tranche and USD 2.5m uncommitted tranche) and will be utilised by FATEN for on-lending to MSMEs based in the West Bank.

The loan will be accompanied by a 20% first-loss risk cover (FLRC) funded by the European Union through its Initiative for Financial Inclusion (Neighbourhood Investment Facility - SEMED Financial Inclusion Program). The FLRC will be provided for the benefit of FATEN's portfolio of MSMEs to encourage FATEN to continue lending to the most underbanked segments of the economy.

The operation will provide FATEN with uninterrupted supply of finance to be able to support MSMEs in the West Bank particularly following increased financing needs faced by MSMEs in the wake of the Israel-Hamas war, which had severe negative impacts on the economic activity in the West Bank in general, and MSMEs in particular.
