## Project Description

As stated by the EBRD, the project consists of the provision of a senior unsecured loan of up to EUR 7 million to be provided under the FIF SME Go Green Programme, with up to 5 years maturity, including 2 years of grace period. The loan will consist of two equal tranches; the second tranche will be uncommitted and its commitment will be in the EBRD's sole discretion. The facility will be fully guaranteed by the client's ultimate shareholder, Intesa Sanpaolo S.p.A.

Proceeds of the Loan will be used for providing sub-loans to eligible SMEs in Bosnia and Herzegovina for improving their competitiveness and trade potential via targeted investments in sustainability practices and the adoption of internationally recognised quality standards, scaling up green economy investments and in particular, greening of agribusiness supply chains and promoting more equitable access to climate and other finance to women-led SMEs. The bank will aim to deliver at least 70% of the proceeds to Green Economy Transition (GET) eligible projects.

The Project contributes to the overall objectives of the SME Go Green Programme, supporting the Competitive and Green TI qualities. FIF SME Go Green seeks to (i) support SMEs in accessing finance towards EU and international standards investments and assist them to access advice and know-how for introducing and implementing such standards and becoming competitive, and (ii) scale up investments into GET-eligible technologies by SMEs and thereby contribute to building a green, low-carbon economy in the Western Balkans.

### ACCOUNTABILITY MECHANISM OF EBRD

The Project Complaint Mechanism (PCM) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an European Bank for Reconstruction and Development (EBRD)-financed project. If you submit a complaint to the PCM, it may assess compliance with EBRD's own policies and procedures to prevent harm to the environment or communities or it may assist you in resolving the problem that led to the complaint through a dialogue with those implementing the project. Additionally, the PCM has the authority to recommend a project be suspended in the event that harm is imminent.

You can contact the PCM at: [pcm@ebrd.com](mailto:pcm@ebrd.com) or you can submit a complaint online using an online form at:

[http://www.ebrd.com/eform/pcm/complaint\\_form?language=en](http://www.ebrd.com/eform/pcm/complaint_form?language=en)
