## Project Description

According to the Bank's website, the project consists of a co-investment alongside Enterprise Investors Fund IX to jointly acquire a significant minority stake in eTravel S.A. via a Poland-based SPV.

The transaction is led by Enterprise Investors, a private equity fund operating in Central Europe, in which EBRD is an existing investor. The Value Creation Plan will focus on further regional market consolidation, new organic sales initiatives, further IT enhancements including AI implementation and financial reporting improvements.

## Early Warning System Project Analysis

Categorised B (2019 ESP). The transaction involves an equity co-investment in eTravel S.A., an online B2B travel management company and a new client to the Bank. Due to the small scale of its operational processes and the nature of its business - providing online services in leased office spaces - environmental and social matters are considered mainly related to office activities and present a relatively low-risk profile.

### ACCOUNTABILITY MECHANISM OF EBRD

The Project Complaint Mechanism (PCM) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an European Bank for Reconstruction and Development (EBRD)-financed project. If you submit a complaint to the PCM, it may assess compliance with EBRD's own policies and procedures to prevent harm to the environment or communities or it may assist you in resolving the problem that led to the complaint through a dialogue with those implementing the project. Additionally, the PCM has the authority to recommend a project be suspended in the event that harm is imminent.

You can contact the PCM at: [pcm@ebrd.com](mailto:pcm@ebrd.com) or you can submit a complaint online using an online form at:
