Project Description

According to the Bank's website, the project consists of an equity investment into Axoflow, a Hungarian software provider of a telemetry pipeline platform.

Investment Description

- European Bank for Reconstruction and Development (EBRD)

An equity investment in Axoflow, as part of a Seed equity round.

Investment amount not available at the time of disclosure.

Private Actors Description

Axoflow Inc. offers a modern telemetry pipeline that ingests logs and metrics, parses and enriches them, and routes them to the appropriate destination. Its solution improves cybersecurity operations of its customers from both a cost and monitoring perspective.

It focuses on large enterprises with hybrid infrastructure settings in regulated industries such as energy, healthcare and financial services.

ACCOUNTABILITY MECHANISM OF EBRD

The Project Complaint Mechanism (PCM) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an European Bank for Reconstruction and Development (EBRD)-financed project. If you submit a complaint to the PCM, it may assess compliance with EBRD's own policies and procedures to prevent harm to the environment or communities or it may assist you in resolving the problem that led to the complaint through a dialogue with those implementing the project. Additionally, the PCM has the authority to recommend a project be suspended in the event that harm is imminent.

You can contact the PCM at: pcm@ebrd.com or you can submit a complaint online using an online form at:
http://www.ebrd.com/eform/pcm/complaint_form?language=en

You can learn more about the PCM and how to file a complaint at: <http://www.ebrd.com/work-with-us/project-finance/project-complaint-mechanism.html>
