The Bonds will be issued via private placements, of up to 5-years tenor with bullet repayment at maturity.

The investment is for blue and green bonds to be issued in Jordan, supporting both green and blue sub-projects. It will be issued under HBTF's Green Bond Framework (the "Framework", or "GBF") that covers the issuance of Green and Blue Bonds, aligned with the International Capital Market Association's Green Bond Principles (the "ICMA GBP") and IFC Guidelines for Blue Finance (the "IFC GBF"). The Framework will benefit from a Second Party Opinion ("SPO"), confirming compliance with the ICMA GBP and IFC GBF. The issuance is expected to be the third labelled one in the country by a financial institution, and potentially the first Blue Bond in both Jordan and the wider SEMED region.
