Project Description

As stated by the EBRD, the project consists of up to USD 25 million local currency denominated, three-year senior unsecured MSME credit line to Credo Bank ('Credo'), MSME dedicated lender in Georgia.

The proposed loan aims to address key market gaps on both the supply side (limited access to local currency funding) and the demand side (insufficient MSME knowledge and expertise). It will enable Credo to continue supporting local MSME investments by providing medium-term financing in local currency, which remains scarce in the market. Credo will also maintain its focus on regional and peri-urban clients through its extensive branch and advisory network, further complemented by strengthened online lending channels.
