## Project Description

According to the Bank's website, the EBRD is considering establishing a lending facility of up to EUR 135.5 million to Ceska Sporitelna AS, a commercial bank incorporated in Czechia, for on-lending to eligible SMEs and mid-caps, supporting investments in digitalisation and automation. The facility would be implemented under the EBRD Digital Transformation Framework, which the EBRD is currently considering establishing.

The proposed Project with Ceska is a cornerstone of the EBRD's Digital Transformation Framework for Czechia, designed to address structural gaps in SME and mid-cap financing. It directly supports the country's strategic priorities of (i) accelerating digitalisation, (ii) fostering regional inclusion, and (iii) advancing the green transition.
