Project Description

According to the Bank's website, the project consists of the provision of a subordinated Tier 2 loan of up to RSD 1.4 billion (EUR12 million equivalent) to ProCredit Bank AD Belgrade ("PCB"). The loan will help strengthen PCB's Tier 2 capital to support growth plans and optimize capital structure. In addition, the loan aims to support PCB in building the funding base for the minimum requirement for own funds and eligible liabilities ("MREL"). Proceeds of the loan will be used to finance eligible green and inclusive sub-projects.

EBRD is seeking to support the resilience of PCB, by contributing to the optimisation of its capital structure through the increase of Tier 2 capital and thus support PCB's growth plans. Moreover, the proceeds from the loan will be used by PCB to support investments in the green economy (70% of the loan proceeds) as well as youth and women-led/owned SMEs (30% of the loan proceeds and 100% of the 1.4x on-lending multiple) in Serbia.
