Project Description

According to the EBRD, the project consists of the provision of a senior unsecured loan to Credit du Maroc ("CDM"), of up to EUR 40 million or equivalent in MAD, as part of a EUR 65m "GEFF +" Package (including also up to EUR 25 million or equivalent in MAD GEFF III loan). Up to EUR 3.2 million is expected to be co-financed by Canada through the multi-donor fund High-Impact Partnership on Climate Action ("HIPCA Canada"). A comprehensive Technical Cooperation support for this operation will be funded by the European Union as part of the Morocco Decarbonisation and Climate Resilience ("MDCR"). The proceeds of the loan will be used by CDM for on-lending to private companies to finance their climate change mitigation and adaptation investments.

The project will promote a green economy in Morocco by supporting eligible private sector Corporates implementing mid-size climate-resilient investments. The project will specifically target, among other things: mid-size renewable energy investments, mid-size industrial energy efficiency projects (such as energy efficiency upgrading of industrial sites), green buildings, eligible private sector investments in the municipal infrastructure sector, as well as climate adaptation projects (such as wastewater treatment or water desalination) and circular economy investments.

The facility is accompanied by a technical assistance package for project preparation, implementation, verification, and monitoring, as well as capacity-building for the benefit of CDM, funded by the European Union as part of the Morocco Decarbonisation and Climate Resilience ("MDCR").

ACCOUNTABILITY MECHANISM OF EBRD

The Project Complaint Mechanism (PCM) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an European Bank for Reconstruction and Development (EBRD)-financed project. If you submit a complaint to the PCM, it may assess compliance with EBRD's own policies and procedures to prevent harm to the environment or communities or it may assist you in resolving the problem that led to the complaint through a dialogue with those implementing the project. Additionally, the PCM has the authority to recommend a project be suspended in the event that harm is imminent.

You can contact the PCM at: pcm@ebrd.com or you can submit a complaint online using an online form at: http://www.ebrd.com/eform/pcm/complaint form?language=en

You can learn more about the PCM and how to file a complaint at: http://www.ebrd.com/work-with-us/project-finance/project-complaint-mechanism.html
