Project Description

As stated on the project disclosure page, the EBRD provided up to EUR 20 million long-term loan to Assan Aluminyum Sanayi ve Ticaret A.S. to finance the Company's decarbonisation investments in Dilovasi and Tuzla facilities.

Assan's EBRD financed decarbonisation investments promote the green economy by increasing scrap use, boosting efficiency, and cutting energy and gas consumption, qualifying as 100% GET-eligible. The Project aligns with the Paris Agreement and EU Taxonomy for Climate Action. Additionally, the Company will improve its HR policies and practices by introducing a structured caregiving support framework.

ACCOUNTABILITY MECHANISM OF EBRD

The Project Complaint Mechanism (PCM) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an European Bank for Reconstruction and Development (EBRD)-financed project. If you submit a complaint to the PCM, it may assess compliance with EBRD's own policies and procedures to prevent harm to the environment or communities or it may assist you in resolving the problem that led to the complaint through a dialogue with those implementing the project. Additionally, the PCM has the authority to recommend a project be suspended in the event that harm is imminent.

You can contact the PCM at: pcm@ebrd.com or you can submit a complaint online using an online form at:

http://www.ebrd.com/eform/pcm/complaint_form?language=en

You can learn more about the PCM and how to file a complaint at: <http://www.ebrd.com/work-with-us/project-finance/project-complaint-mechanism.html>
