Project Description

According to the Bank's website, the project consists of a Portfolio Risk Sharing ("PRS") in the form of an unfunded portfolio guarantee of up to EUR 25.0 mln to be provided by the Bank in favour of MAIB. It will cover up to 50% of the credit risk of new sub-loans originated by MAIB for a combined value of up to EUR 50 mln.

The proposed project follows a successful utilisation of MAIB's first PRS facility, an innovative product in Moldova at that time. PRS has proven itself as an effective solution in de-risking PFIs and addressing the MSME financing gaps. The PRS facilities helps PFIs strengthen their resilience thanks to risk-sharing structure and capital relief benefits as confirmed by National Bank of Moldova ("NBM"), unlocking PFIs ability to step up new lending.
