Project Description

According to the Bank's website, the project consists of the provision of a senior unsecured loan of up to EUR7 million equivalent in RSD to Procredit Bank Serbia ("PCBS") for on-lending to the residential sector in Serbia. The loan is envisaged under the Western Balkans Green Economy Financing Facility III - REpower ("WB GEFF III"). This will enable the bank to promote green economy investments in the country.

The proceeds of the loan will be used to provide financing to PCBS for gender-responsive on-lending to eligible sub-borrowers in the residential sector for investments supporting Green Economy Transition ("GET") - eligible residential renewable energies and energy efficient technologies.

Early Warning System Project Analysis

Categorised FI (ESP 2024). ProCredit Bank Serbia (PCBS) is an existing client of the EBRD. The client is currently meeting the EBRD's Environmental and Social Requirements (ESRs) 2, 4, and 9 under its existing EBRD exposures. Eligible sub-projects will support high performance energy efficiency technologies, materials, and solutions in privately owned residential buildings, implemented in a gender responsive manner. The use of proceeds is likely to be of low-medium environmental and social (E&S) risks.

ACCOUNTABILITY MECHANISM OF EBRD

The Project Complaint Mechanism (PCM) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an European Bank for Reconstruction and Development (EBRD)-financed project. If you submit a complaint to the PCM, it may assess compliance with EBRD's own policies and procedures to prevent harm to the environment or communities or it may assist you in resolving the problem that led to the complaint through a dialogue with those implementing the project. Additionally, the PCM has the authority to recommend a project be suspended in the event that harm is imminent.

You can contact the PCM at: pcm@ebrd.com or you can submit a complaint online using an online form at:
