Project Description

As stated by the EBRD, the proposed transaction is a senior secured loan of up to EUR 10 million (5 years tenor), to finance CAPEX for the renovation and automation of a newly acquired warehouse in Tbilisi. The project seeks to consolidate the group's multiple warehouses into one main facility, strengthening retail and wholesale pharma operations and incorporating energy efficiency measures leading to improved environmental footprint.

The project supports operational changes leading to competitiveness improvements, through the repurposing of the recently acquired warehouse, designed to lift operational performance by consolidating its logistics and improve its carbon footprint. The Project broadens access to market-relevant skills and training opportunities, through three tailor-made e-learning programmes for 1,000+ professionals. Overall this is expected to lead to reduction of skill mismatches between labour market and private sector demand in the pharma industry.

ACCOUNTABILITY MECHANISM OF EBRD

The Project Complaint Mechanism (PCM) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an European Bank for Reconstruction and Development (EBRD)-financed project. If you submit a complaint to the PCM, it may assess compliance with EBRD's own policies and procedures to prevent harm to the environment or communities or it may assist you in resolving the problem that led to the complaint through a dialogue with those implementing the project. Additionally, the PCM has the authority to recommend a project be suspended in the event that harm is imminent.

You can contact the PCM at: pcm@ebrd.com or you can submit a complaint online using an online form at:

http://www.ebrd.com/eform/pcm/complaint_form?language=en

You can learn more about the PCM and how to file a complaint at: <http://www.ebrd.com/work-with-us/project-finance/project-complaint-mechanism.html>
