Project Description

According to EBRD website, the Framework is consistent with the Bank’s mandate and priorities:

- The Bank’s Energy Sector Strategy (BDS13-291/F) specifically highlights policy dialogue through “exchanges between regulators within the Bank's region as well as peer-to-peer policy dialogue between regulators.”
- Given the critical importance of sound regulatory frameworks for the further development of renewable technologies, the Framework is also aligned with the Bank’s Green Economy Transition (BDS15-196/F) approach.
- The Framework builds on an MoU with the International Confederation of Energy Regulators (ICER) (of which CEER is a founding member).

ACCOUNTABILITY MECHANISM OF EBRD

The Project Complaint Mechanism (PCM) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an European Bank for Reconstruction and Development (EBRD)-financed project. If you submit a complaint to the PCM, it may assess compliance with EBRD's own policies and procedures to prevent harm to the environment or communities or it may assist you in resolving the problem that led to the complaint through a dialogue with those implementing the project. Additionally, the PCM has the authority to recommend a project be suspended in the event that harm is imminent. You can contact the PCM at pcm@ebrd.com or you can submit a complaint online using an online form, http://www.ebrd.com/eform/pcm/complaint_form?language=en. You can learn more about the PCM and how to file a complaint at http://www.ebrd.com/work-with-us/project-finance/project-complaint-mechanism.html.
