Project Description

As part of the Greater Colombo Water and Wastewater Management Improvement Investment Program initiated by the Asian Development Bank (ADB), this project will support the improvement of wastewater collection and treatment facilities of Colombo's south catchment area. The project will improve resilience to intense storms and also result in reduced emissions.

Expanding coverage and efficacy of sanitation services will reduce pollution in the city, its watercourses and the sea, therefore having a positive impact on health and livelihoods. The project thus contributes to UN sustainable development goal (SDG) 6 (clean water and sanitation) and is eligible under the External Mandate for EIB activity in Asia and Latin America, in particular regarding social infrastructure and environment (sanitation).

ACCOUNTABILITY MECHANISM OF EIB

The EIB Complaints Mechanism is designed to facilitate and handle complaints against the EIB by individuals, organizations or corporations affected by EIB activities. When exercising the right to lodge a complaint against the EIB, any member of the public has access to a two-tier procedure, one internal - the Complaints Mechanism Office - and one external - the European Ombudsman. A complaint can be lodged via a written communication addressed to the Secretary General of the EIB, via email to the dedicated email address complaints@eib.org, by completing the online complaint form available at the following address: <http://www.eib.org/complaints/form>, via fax or delivered directly to the EIB Complaints Mechanism Division, any EIB local representation office or any EIB staff. For further details, check:

http://www.eib.org/attachments/strategies/complaints_mechanism_policy_en.pdf

When dissatisfied with a complaint to the EIB Complaints Mechanism, citizens can then turn towards the European Ombudsman. A memorandum of Understanding has been signed between the EIB and the European Ombudsman establishes that citizens (even outside of the EU if the Ombudsman finds their complaint justified) can turn towards the Ombudsman on issues related to 'maladministration' by the EIB. Note that before going to the Ombudsman, an attempt must be made to resolve the case by contacting the EIB. In addition, the complaint must be made within two years of the date when the facts on which your complaint is based became known to you. You can write to the Ombudsman in any of the languages of the European Union. Additional details, including filing requirements and complaint forms, are available at:
