Project Description

The project consists of the upgrade of the Zambian section of the Great North Road (T2) between Mpika and the border with Tanzania in Nakonde. It further includes the rehabilitation of feeder roads in the Chinsali-Nakonde section, complementary initiatives in the project area and the provision of technical assistance.

OBJECTIVES

The project is a joint COMESA/EAC/SADC Aid for Trade Initiative, the primary aim of which is to lower transport cost along this key regional road corridor. It will contribute transforming centrally located Zambia from a land-locked to a land-linked country, while fostering continental integration and promoting inclusive economic growth and poverty reduction. It will help diversify the Zambian economy and unlock the country's economic potential. The upgrade of the Great North Road will also make the road more resilient to climate change and safer for road users and local communities.

ACCOUNTABILITY MECHANISM OF EIB

The EIB Complaints Mechanism is designed to facilitate and handle complaints against the EIB by individuals, organizations or corporations affected by EIB activities. When exercising the right to lodge a complaint against the EIB, any member of the public has access to a two-tier procedure, one internal - the Complaints Mechanism Office - and one external - the European Ombudsman. A complaint can be lodged via a written communication addressed to the Secretary General of the EIB, via email to the dedicated email address complaints@eib.org, by completing the online complaint form available at the following address: <http://www.eib.org/complaints/form>, via fax or delivered directly to the EIB Complaints Mechanism Division, any EIB local representation office or any EIB staff. For further details, check:

http://www.eib.org/attachments/strategies/complaints_mechanism_policy_en.pdf

When dissatisfied with a complaint to the EIB Complaints Mechanism, citizens can then turn towards the European Ombudsman. A memorandum of Understanding has been signed between the EIB and the European Ombudsman establishes that citizens (even outside of the EU if the Ombudsman finds their complaint justified) can turn towards the Ombudsman on issues related to 'maladministration' by the EIB. Note that before going to the Ombudsman, an attempt must be made to resolve the case by contacting the EIB. In addition, the complaint must be made within two years of the date when the facts on which your complaint is based became known to you. You can write to the Ombudsman in any of the languages of the European Union. Additional details, including filing requirements and complaint forms, are available at:
