## Project Description

According to EIB website, the project aims to rehabilitate selected sections on 12 county roads in Iasi County in north-eastern Romania. The road sections with a total length of about 145 km have been grouped around 6 axes according to geographic location and are spread all over the county. The length of sections per axis varies from 11 to 36 km. The scope of works includes:

1. improving the existing (low quality) asphalt and gravel pavement on roads by constructing a 6.5 m wide asphalt pavement,
2. reconstructing the related drainage system,
3. addressing traffic safety arrangements in villages and at road crossings.

The project will benefit the local communities of Iasi County by providing safer and faster connectivity between villages and to the national road network.

## ACCOUNTABILITY MECHANISM OF EIB

The EIB Complaints Mechanism is designed to facilitate and handle complaints against the EIB by individuals, organizations or corporations affected by EIB activities. When exercising the right to lodge a complaint against the EIB, any member of the public has access to a two-tier procedure, one internal - the Complaints Mechanism Office - and one external - the European Ombudsman. A complaint can be lodged via a written communication addressed to the Secretary General of the EIB, via email to the dedicated email address [complaints@eib.org](mailto:complaints@eib.org), by completing the online complaint form available at the following address: <http://www.eib.org/complaints/form>, via fax or delivered directly to the EIB Complaints Mechanism Division, any EIB local representation office or any EIB staff. For further details, check:

When dissatisfied with a complaint to the EIB Complaints Mechanism, citizens can then turn towards the European Ombudsman. A memorandum of Understanding has been signed between the EIB and the European Ombudsman establishes that citizens (even outside of the EU if the Ombudsman finds their complaint justified) can turn towards the Ombudsman on issues related to 'maladministration' by the EIB. Note that before going to the Ombudsman, an attempt must be made to resolve the case by contacting the EIB. In addition, the complaint must be made within two years of the date when the facts on which your complaint is based became known to you. You can write to the Ombudsman in any of the languages of the European Union. Additional details, including filing requirements and complaint forms, are available at:
