Project Description

According to EIB website, Infrastructure fund targeting energy efficiency investments in the UK and continental EU. It aims at achieving energy efficiency gains by investing in three project categories:

- (i) reduction of energy through more efficient lighting, heating and cooling and building management systems;
- (ii) distributed generation of energy through high-efficiency CHPs and renewable energy and;
- (iii) improvement of grid efficiency through energy storage and demand response systems.

The development of energy efficiency and renewable energy projects supports national and European targets in these two areas and thus supports the EU's climate change and security of energy supply objectives. The project is in line with the Bank's priority energy lending objectives concerning renewable energy and energy efficiency.

For this project, it will be requested to comply with applicable national and EU legislation on environmental and social standpoint, as appropriate.

ACCOUNTABILITY MECHANISM OF EIB

The EIB Complaints Mechanism is designed to facilitate and handle complaints against the EIB by individuals, organizations or corporations affected by EIB activities. When exercising the right to lodge a complaint against the EIB, any member of the public has access to a two-tier procedure, one internal - the Complaints Mechanism Office - and one external - the European Ombudsman. A complaint can be lodged via a written communication addressed to the Secretary General of the EIB, via email to the dedicated email address complaints@eib.org, by completing the online complaint form available at the following address: <http://www.eib.org/complaints/form>, via fax or delivered directly to the EIB Complaints Mechanism Division, any EIB local representation office or any EIB staff. For further details, check:

http://www.eib.org/attachments/strategies/complaints_mechanism_policy_en.pdf

When dissatisfied with a complaint to the EIB Complaints Mechanism, citizens can then turn towards the European Ombudsman. A memorandum of Understanding has been signed between the EIB and the European Ombudsman establishes that citizens (even outside of the EU if the Ombudsman finds their complaint justified) can turn towards the Ombudsman on issues related to 'maladministration' by the EIB. Note that before going to the Ombudsman, an attempt must be made to resolve the case by contacting the EIB. In addition, the complaint must be made within two years of the date when the facts on which your complaint is based became known to you. You can write to the Ombudsman in any of the languages of the European Union. Additional details, including filing requirements and complaint forms, are available at: <http://www.ombudsman.europa.eu/atyourservice/interactiveguide.faces>
