MIDCAP PROGRAMME LOAN GERMANY & NORDIC COUNTRIES

This project is still under review by the EWS. Project information and/or project analysis may be incomplete.

This project is still under review by the EWS. Project information and/or project analysis may be incomplete.

### Quick Facts

Financial Institutions	European Investment Bank (EIB)
Status	Approved
Bank Risk Rating	U

This project is still under review by the EWS. Project information and/or project analysis may be incomplete.

### Project Description

#### LOCATION

Denmark, Finland, Sweden, Germany

#### DESCRIPTION

EIB programme loan to finance investments of eligible mid-caps with a focus on innovative companies in Germany and in Nordic countries

#### OBJECTIVES

It is expected that this programme loan will help to accelerate and further mobilise private sector investments, thus furthering the sustainability of mid-caps' competitive advantage over time and creating growth and employment opportunities in Germany, Denmark, Sweden and Finland.

#### ENVIRONMENTAL ASPECTS

The projects to be financed under this programme loan will most likely concern investments expected to be carried out in existing facilities already authorised and would therefore not require an environmental impact assessment (EIA) under Directive 2011/92/EU. However, for each sub-operation the Bank's services will review during the project appraisal whether any of the concerned projects could fall under the EIA Directive, as well as any other environmental details of the project.

#### PROCUREMENT

The promoters will be private companies not operating in the Utilities sector and not having the status of contracting authority. Thus they are not covered by EU directives on procurement.

This project is still under review by the EWS. Project information and/or project analysis may be incomplete.

### **Investment Description**

- European Investment Bank (EIB)

#### ACCOUNTABILITY MECHANISM OF EIB

The EIB Complaints Mechanism is designed to facilitate and handle complaints against the EIB by individuals, organizations or corporations affected by EIB activities. When exercising the right to lodge a complaint against the EIB, any member of the public has access to a two-tier procedure, one internal - the Complaints Mechanism Office - and one external - the European Ombudsman. A complaint can be lodged via a written communication addressed to the Secretary General of the EIB, via email to the dedicated email address [complaints@eib.org](mailto:complaints@eib.org), by completing the online complaint form available at the following address: <http://www.eib.org/complaints/form>, via fax or delivered directly to the EIB Complaints Mechanism Division, any EIB local representation office or any EIB staff. For further details, check:

[http://www.eib.org/attachments/strategies/complaints\\_mechanism\\_policy\\_en.pdf](http://www.eib.org/attachments/strategies/complaints_mechanism_policy_en.pdf)

When dissatisfied with a complaint to the EIB Complaints Mechanism, citizens can then turn towards the European Ombudsman. A memorandum of Understanding has been signed between the EIB and the European Ombudsman establishes that citizens (even outside of the EU if the Ombudsman finds their complaint justified) can turn towards the Ombudsman on issues related to 'maladministration' by the EIB. Note that before going to the Ombudsman, an attempt must be made to resolve the case by contacting the EIB. In addition, the complaint must be made within two years of the date when the facts on which your complaint is based became known to you. You can write to the Ombudsman in any of the languages of the European Union. Additional details, including filing requirements and complaint forms, are available at:

<http://www.ombudsman.europa.eu/atyourservice/interactiveguide.faces>
