## Project Description

According to EIB website, this project is a risk-sharing transaction with Bank Gospodarstwa Krajowego (BGK), the national promotional bank of Poland, based on the "full delegation" model and focused on a non-granular, new portfolio of loans to small and medium-sized enterprises (SMEs) and mid-caps in Poland. This will promote their investments in business expansion, technology upgrade, new business lines, energy efficiency, agriculture and others

Further, it will help to improve the long-term financing options for Polish SMEs and mid-caps. By improving the long-term access to finance for mid-caps, the risk-sharing instrument will help to further stimulate investment and employment and respond to well identified market needs.

In accordance with the Bank's policy to ensure that sub-loans comply with the EU acquis, in particular in the fields of environment and public procurement, the Bank will require the intermediary to take all the requisite measures to ensure that the environmental procedures carried out by the final beneficiaries for the sub-projects that the Bank finances comply with relevant EU legislation and applicable national legislation, provided that it is in conformity with EU rules.

### ACCOUNTABILITY MECHANISM OF EIB

The EIB Complaints Mechanism is designed to facilitate and handle complaints against the EIB by individuals, organizations or corporations affected by EIB activities. When exercising the right to lodge a complaint against the EIB, any member of the public has access to a two-tier procedure, one internal - the Complaints Mechanism Office - and one external - the European Ombudsman. A complaint can be lodged via a written communication addressed to the Secretary General of the EIB, via email to the dedicated email address [complaints@eib.org](mailto:complaints@eib.org), by completing the online complaint form available at the following address: <http://www.eib.org/complaints/form>, via fax or delivered directly to the EIB Complaints Mechanism Division, any EIB local representation office or any EIB staff. For further details, check:

[http://www.eib.org/attachments/strategies/complaints\\_mechanism\\_policy\\_en.pdf](http://www.eib.org/attachments/strategies/complaints_mechanism_policy_en.pdf)

When dissatisfied with a complaint to the EIB Complaints Mechanism, citizens can then turn towards the European Ombudsman. A memorandum of Understanding has been signed between the EIB and the European Ombudsman establishes that citizens (even outside of the EU if the Ombudsman finds their complaint justified) can turn towards the Ombudsman on issues related to 'maladministration' by the EIB. Note that before going to the Ombudsman, an attempt must be made to resolve the case by contacting the EIB. In addition, the complaint must be made within two years of the date when the facts on which your complaint is based became known to you. You can write to the Ombudsman in any of the languages of the European Union. Additional details, including filing requirements and complaint forms, are available at:
