## Project Description

According to EIB website, the project concerns the demolition, construction, reconstruction, extension and renovation of lower secondary schools (first cycle of second level studies) in the Department of Meurthe-et-Moselle in France. The project is part of the New Generations Plan (PCNG), the multi-year construction and renovation program of the department. The objectives of the CPNG are the modernization and consolidation of the educational heritage and the realization of the 2012 Thermal Regulation, which leads to significant investments in the reduction of energy consumption. The project focuses on energy efficiency within the framework of the CPNP. The project integrates 27 investment operations including:6 buildings have nine of colleges; 3 heavy extensions and restructuring of colleges; 3 heavy college restructuring; and 15 renovations of colleges or various improvements

The purpose of the project is the construction, reconstruction, extension and renovation of colleges. The investments are aimed at: (i) increasing the capacity to cope with population growth; (ii) adapting infrastructures to new technologies; (iii) improve the accessibility of colleges to persons with disabilities; and (iv) improve the energy efficiency of buildings.

Further, it will be ensured that this project is implemented in compliance with the EU legislation in terms of environmental and social aspects.

ACCOUNTABILITY MECHANISM OF EIB

The EIB Complaints Mechanism is designed to facilitate and handle complaints against the EIB by individuals, organizations or corporations affected by EIB activities. When exercising the right to lodge a complaint against the EIB, any member of the public has access to a two-tier procedure, one internal - the Complaints Mechanism Office - and one external - the European Ombudsman. A complaint can be lodged via a written communication addressed to the Secretary General of the EIB, via email to the dedicated email address complaints@eib.org, by completing the online complaint form available at the following address: http://www.eib.org/complaints/form, via fax or delivered directly to the EIB Complaints Mechanism Division, any EIB local representation office or any EIB staff. For further details, check: http://www.eib.org/attachments/strategies/complaints_mechanism_policy_en.pdf

When dissatisfied with a complaint to the EIB Complaints Mechanism, citizens can then turn towards the European Ombudsman. A memorandum of Understanding has been signed between the EIB and the European Ombudsman establishes that citizens (even outside of the EU if the Ombudsman finds their complaint justified) can turn towards the Ombudsman on issues related to 'maladministration' by the EIB. Note that before going to the Ombudsman, an attempt must be made to resolve the case by contacting the EIB. In addition, the complaint must be made within two years of the date when the facts on which your complaint is based became known to you. You can write to the Ombudsman in any of the languages of the European Union. Additional details, including filing requirements and complaint forms, are available at: http://www.ombudsman.europa.eu/atyourservice/interactiveguide.faces
