Project Description

According to EIB website, the project is a roll-out of the capacity expansion of the high speed broadband network based on fiber-to-the-street (FTTS) and fiber-to-the-home (FTTH) architecture throughout Italy. The project is planned to be implemented from early 2017 until the end of 2019. Primarily, the project will assist in providing ultra-high speed fixed broadband services, as an alternative to and in competition with the incumbent fixed line operator and other existing broadband platforms, both fixed and mobile in Italy. Accordingly, the project is in line with the Europe 2020 Strategy to foster smart growth and develop an economy based on knowledge and innovation.

Based on the bank documents, the project has been found to be acceptable for EIB financing in environmental terms.

ACCOUNTABILITY MECHANISM OF EIB

The EIB Complaints Mechanism is designed to facilitate and handle complaints against the EIB by individuals, organizations or corporations affected by EIB activities. When exercising the right to lodge a complaint against the EIB, any member of the public has access to a two-tier procedure, one internal - the Complaints Mechanism Office - and one external - the European Ombudsman. A complaint can be lodged via a written communication addressed to the Secretary General of the EIB, via email to the dedicated email address complaints@eib.org, by completing the online complaint form available at the following address: <http://www.eib.org/complaints/form>, via fax or delivered directly to the EIB Complaints Mechanism Division, any EIB local representation office or any EIB staff. For further details, check:

http://www.eib.org/attachments/strategies/complaints_mechanism_policy_en.pdf

When dissatisfied with a complaint to the EIB Complaints Mechanism, citizens can then turn towards the European Ombudsman. A memorandum of Understanding has been signed between the EIB and the European Ombudsman establishes that citizens (even outside of the EU if the Ombudsman finds their complaint justified) can turn towards the Ombudsman on issues related to 'maladministration' by the EIB. Note that before going to the Ombudsman, an attempt must be made to resolve the case by contacting the EIB. In addition, the complaint must be made within two years of the date when the facts on which your complaint is based became known to you. You can write to the Ombudsman in any of the languages of the European Union. Additional details, including filing requirements and complaint forms, are available at:
