Integrated waste management Programme in Jujuy

Quick Facts

Countries	Argentina
Specific Location	Province of Jujuy
Financial Institutions	European Investment Bank (EIB)
Status	Proposed
Bank Risk Rating	U
Investment Type(s)	Loan
Investment Amount (USD)	\$ 0.45 million
Project Cost (USD)	\$ 0.90 million

Project Description

The project is a framework loan to support the implementation of an integrated waste management system for the collection, treatment and disposal of municipal solid waste generated in the province of Jujuy, Argentina. The project contributes to several Sustainable Development Goals (SDGs) and in particular to SDG11 - sustainable cities and communities - by helping to reduce the adverse environmental impact of cities. It will significantly contribute to the reduction of greenhouse gas emissions, thus contributing to climate change mitigation. The project is contributing to an environmental sustainability priority area identified in the Multiannual Indicative Programme for Latin America under the EU Development Cooperation Instrument 2014-2020.

ENVIRONMENTAL ASPECTS

Due to their technical characteristics most of the treatment and disposal facilities are subject to a mandatory environmental impact assessment (EIA). The associated reports will be submitted to the Bank before any disbursement. The existing project aims to phase out the dumping of untreated waste, rationalising and improving the current solid waste disposal practices and gradually bringing the province into compliance with acceptable international environmental standards in this sector.

Investment Description

- European Investment Bank (EIB)

Proposed EIB finance (Approximate amount): USD 45 million (EUR 40 million)

Total cost (Approximate amount): USD 90 million (EUR 80 million)

ACCOUNTABILITY MECHANISM OF EIB

The EIB Complaints Mechanism is designed to facilitate and handle complaints against the EIB by individuals, organizations or corporations affected by EIB activities. When exercising the right to lodge a complaint against the EIB, any member of the public has access to a two-tier procedure, one internal - the Complaints Mechanism Office - and one external - the European Ombudsman. A complaint can be lodged via a written communication addressed to the Secretary General of the EIB, via email to the dedicated email address complaints@eib.org, by completing the online complaint form available at the following address: <http://www.eib.org/complaints/form>, via fax or delivered directly to the EIB Complaints Mechanism Division, any EIB local representation office or any EIB staff. For further details, check:

http://www.eib.org/attachments/strategies/complaints_mechanism_policy_en.pdf

When dissatisfied with a complaint to the EIB Complaints Mechanism, citizens can then turn towards the European Ombudsman. A memorandum of Understanding has been signed between the EIB and the European Ombudsman establishes that citizens (even outside of the EU if the Ombudsman finds their complaint justified) can turn towards the Ombudsman on issues related to 'maladministration' by the EIB. Note that before going to the Ombudsman, an attempt must be made to resolve the case by contacting the EIB. In addition, the complaint must be made within two years of the date when the facts on which your complaint is based became known to you. You can write to the Ombudsman in any of the languages of the European Union. Additional details, including filing requirements and complaint forms, are available at:
