## Project Description

The project will finance the construction of a new tram line with a total length of ca. 4,5 km, which will extend the total length of tram lines in the City of Krakow.

The project falls under Annex II of the Environmental Impact Assessment (EIA) Directive 2011/32/EU as amended by Directive 2014/52/EU, according to which the need for a full EIA is decided either on a case-by-case basis by the Competent Authority or on a pre-established criteria set by the Member State.

Compliance with EU Directives on the environment, including EIA Directive 2011/92/EU, SEA Directive 2001/42/EC, Habitats Directive 92/43/EEC and Birds adjacent projects (Directive 2001/42/EC) will be checked during the appraisal. The closest Natura 2000 site (Laki Nowohuckie) is located 3.2km from the site. Impact on this site as well as compliance with Habitats and Birds directives will be checked at appraisal.

## Contact Information

*No project contacts available at the time of disclosure.*

The EIB Complaints Mechanism is designed to facilitate and handle complaints against the EIB by individuals, organizations or corporations affected by EIB activities. When exercising the right to lodge a complaint against the EIB, any member of the public has access to a two-tier procedure, one internal - the Complaints Mechanism Office - and one external - the European Ombudsman. A complaint can be lodged via a written communication addressed to the Secretary General of the EIB, via email to the dedicated email address [complaints@eib.org](mailto:complaints@eib.org), by completing the online complaint form available at the following address: <http://www.eib.org/complaints/form>, via fax or delivered directly to the EIB Complaints Mechanism Division, any EIB local representation office or any EIB staff. For further details, check: [http://www.eib.org/attachments/strategies/complaints\\_mechanism\\_policy\\_en.pdf](http://www.eib.org/attachments/strategies/complaints_mechanism_policy_en.pdf)

When dissatisfied with a complaint to the EIB Complaints Mechanism, citizens can then turn towards the European Ombudsman. A memorandum of Understanding has been signed between the EIB and the European Ombudsman establishes that citizens (even outside of the EU if the Ombudsman finds their complaint justified) can turn towards the Ombudsman on issues related to 'maladministration' by the EIB. Note that before going to the Ombudsman, an attempt must be made to resolve the case by contacting the EIB. In addition, the complaint must be made within two years of the date when the facts on which your complaint is based became known to you. You can write to the Ombudsman in any of the languages of the European Union. Additional details, including filing requirements and complaint forms, are available at: <http://www.ombudsman.europa.eu/atyourservice/interactiveguide.faces>
