CAIRO METRO LINE 2 UPGRADING AND RENOVATION

Quick Facts

Countries	Egypt
Financial Institutions	European Investment Bank (EIB)
Status	Proposed
Bank Risk Rating	B
Borrower	NATIONAL AUTHORITY FOR TUNNELS
Sectors	Transport
Investment Type(s)	Loan
Investment Amount (USD)	\$ 302.72 million
Project Cost (USD)	\$ 605.44 million

Project Description

According to bank provided information, the project consists of the rehabilitation of the existing metro line 2 of the Cairo metro network. The rehabilitation includes the renewal of the signalling system, power supply and parts of the tracks. Allocation under Framework Loan (FL) 2020-0144.

The project is expected to deliver significant time savings to existing users of metro line 2 and to provide additional capacity to accommodate an increasing demand that would otherwise be absorbed by less environmentally friendly modes of transport. The upgrade of the metro line will improve the reliability of the existing metro service and further reduce headways during peak hours. It will represent a fast and affordable transport solution to the population, in particular to those who cannot afford owning a private car. Furthermore, the project will result in vehicle operating cost savings, lower air emissions and less accidents stemming from the expected modal shift from road to public transport.

Investment Description

- European Investment Bank (EIB)

ACCOUNTABILITY MECHANISM OF EIB

The EIB Complaints Mechanism is designed to facilitate and handle complaints against the EIB by individuals, organizations or corporations affected by EIB activities. When exercising the right to lodge a complaint against the EIB, any member of the public has access to a two-tier procedure, one internal - the Complaints Mechanism Office - and one external - the European Ombudsman. A complaint can be lodged via a written communication addressed to the Secretary General of the EIB, via email to the dedicated email address: complaints@eib.org, by completing the online complaint form available at the following address: <http://www.eib.org/complaints/form> via fax or delivered directly to the EIB Complaints Mechanism Division, any EIB local representation office or any EIB staff. For further details, check:

http://www.eib.org/attachments/strategies/complaints_mechanism_policy_en.pdf

When dissatisfied with a complaint to the EIB Complaints Mechanism, citizens can then turn towards the European Ombudsman. A memorandum of Understanding has been signed between the EIB and the European Ombudsman establishes that citizens (even outside of the EU if the Ombudsman finds their complaint justified) can turn towards the Ombudsman on issues related to 'maladministration' by the EIB. Note that before going to the Ombudsman, an attempt must be made to resolve the case by contacting the EIB. In addition, the complaint must be made within two years of the date when the facts on which your complaint is based became known to you. You can write to the Ombudsman in any of the languages of the European Union. Additional details, including filing requirements and complaint forms, are available at:

<http://www.ombudsman.europa.eu/atyourservice/interactiveguide.faces>
