CAMEROON RURAL ELECTRIFICATION

Quick Facts

Countries	Cameroon
Financial Institutions	European Investment Bank (EIB)
Status	Proposed
Bank Risk Rating	U
Borrower	AGENCE DE L'ELECTRIFICATION RURALE
Sectors	Energy, Hydropower
Investment Type(s)	Loan
Investment Amount (USD)	\$ 71.97 million

Project Description

The project consist of an investment programme financing the electrification across the country. For 700 villages this will be implemented through grid extension while for 30 villages through mini-grid systems. The project aims at increasing access to electricity of rural communities throughout several regions of Cameroon, which will benefit more than 1,600,000 people.

The grid extension component will include the construction of approximately 4,000 km of MV network, 3,600 km of LV and public lighting network, 870 MV/LV transformers and the reinforcement and extension of the existing HV/MV networks. The electrification via micro-grids will include the construction of 2 mini-hydro (total capacity 3 MW), 10 PV solar power plants (300 kW each), 120 km of MV network and 170 km of LV network.

Early Warning System Project Analysis

According to the EIB, by enabling access to electricity supply, the project is expected to improve the living conditions for the beneficiary communities. It has however also the potential for some adverse environmental and social impacts.

ACCOUNTABILITY MECHANISM OF EIB

The EIB Complaints Mechanism is designed to facilitate and handle complaints against the EIB by individuals, organizations or corporations affected by EIB activities. When exercising the right to lodge a complaint against the EIB, any member of the public has access to a two-tier procedure, one internal - the Complaints Mechanism Office - and one external - the European Ombudsman. A complaint can be lodged via a written communication addressed to the Secretary General of the EIB, via email to the dedicated email address: complaints@eib.org, by completing the online complaint form available at the following address: <http://www.eib.org/complaints/form> via fax or delivered directly to the EIB Complaints Mechanism Division, any EIB local representation office or any EIB staff. For further details, check:

http://www.eib.org/attachments/strategies/complaints_mechanism_policy_en.pdf

When dissatisfied with a complaint to the EIB Complaints Mechanism, citizens can then turn towards the European Ombudsman. A memorandum of Understanding has been signed between the EIB and the European Ombudsman establishes that citizens (even outside of the EU if the Ombudsman finds their complaint justified) can turn towards the Ombudsman on issues related to 'maladministration' by the EIB. Note that before going to the Ombudsman, an attempt must be made to resolve the case by contacting the EIB. In addition, the complaint must be made within two years of the date when the facts on which your complaint is based became known to you. You can write to the Ombudsman in any of the languages of the European Union. Additional details, including filing requirements and complaint forms, are available at: <http://www.ombudsman.europa.eu/atyourservice/interactiveguide.faces>
