Project Description

As stated by the EIB, the project is expected to consist of multiple schemes, including acquisition of electric rail rolling stock, retrofit of diesel trains, modernisation of rail lines, including the construction of the new suburban express commuter rail network, RER Métropolitain de Bordeaux (linking Bordeaux and its suburbs in the Bordeaux metropolitan area and acquisition of associated rolling stock) and new construction of rail depots in the Nouvelle Aquitaine Region in France

The aim of the project is to accelerate the decarbonization of the regional mobility including the regional railways operations on non-electrified lines in the Region. The project will cover infrastructure investments (mainly the rehabilitation and upgrade of existing railway infrastructure), as well as acquisition and modernisation of rolling stock aimed at improving the quality and increase the offer of commuter, regional and long distance passenger rail services within and in relation with the Nouvelle-Aquitaine Region in France.

ACCOUNTABILITY MECHANISM OF EIB

The EIB Complaints Mechanism is designed to facilitate and handle complaints against the EIB by individuals, organizations or corporations affected by EIB activities. When exercising the right to lodge a complaint against the EIB, any member of the public has access to a two-tier procedure, one internal - the Complaints Mechanism Office - and one external - the European Ombudsman. A complaint can be lodged via a written communication addressed to the Secretary General of the EIB, via email to the dedicated email address: complaints@eib.org, by completing the online complaint form available at the following address: <http://www.eib.org/complaints/form> via fax or delivered directly to the EIB Complaints Mechanism Division, any EIB local representation office or any EIB staff. For further details, check: http://www.eib.org/attachments/strategies/complaints_mechanism_policy_en.pdf

When dissatisfied with a complaint to the EIB Complaints Mechanism, citizens can then turn towards the European Ombudsman. A memorandum of Understanding has been signed between the EIB and the European Ombudsman establishes that citizens (even outside of the EU if the Ombudsman finds their complaint justified) can turn towards the Ombudsman on issues related to 'maladministration' by the EIB. Note that before going to the Ombudsman, an attempt must be made to resolve the case by contacting the EIB. In addition, the complaint must be made within two years of the date when the facts on which your complaint is based became known to you. You can write to the Ombudsman in any of the languages of the European Union. Additional details, including filing requirements and complaint forms, are available at: <http://www.ombudsman.europa.eu/atyourservice/interactiveguide.faces>
