## Project Description

According to bank documents, the operation concerns investments schemes in education infrastructure in a sub-set of governorates in Tunisia through a framework loan (FL) to the Tunisian Republic. The Project will finance the construction of new public primary education infrastructure and school complexes (campus scolaires) and will include the provision of new equipment and innovative pedagogical equipment for selected schools as well as state-of-art school transportation means.

Its aim is to re-balance the situation of primary education infrastructure among geographical areas in the country, where many regions have been suffering from under investments in the past years.

The project supports the EU-Tunisia Privileged Partnership, which priorities are included in the EU-Tunisia Joint Communication to the European Parliament and Council (dated 29 September 2016), especially the objective to support social infrastructures projects (including in the education sector), in order to improve life conditions in less privileged urban and rural areas.

### **ACCOUNTABILITY MECHANISM OF EIB**

The EIB Complaints Mechanism is designed to facilitate and handle complaints against the EIB by individuals, organizations or corporations affected by EIB activities. When exercising the right to lodge a complaint against the EIB, any member of the public has access to a two-tier procedure, one internal - the Complaints Mechanism Office - and one external - the European Ombudsman. A complaint can be lodged via a written communication addressed to the Secretary General of the EIB, via email to the dedicated email address [complaints@eib.org](mailto:complaints@eib.org), by completing the online complaint form available at the following address: <http://www.eib.org/complaints/form>, via fax or delivered directly to the EIB Complaints Mechanism Division, any EIB local representation office or any EIB staff. For further details, check:

[http://www.eib.org/attachments/strategies/complaints\\_mechanism\\_policy\\_en.pdf](http://www.eib.org/attachments/strategies/complaints_mechanism_policy_en.pdf)

When dissatisfied with a complaint to the EIB Complaints Mechanism, citizens can then turn towards the European Ombudsman. A memorandum of Understanding has been signed between the EIB and the European Ombudsman establishes that citizens (even outside of the EU if the Ombudsman finds their complaint justified) can turn towards the Ombudsman on issues related to 'maladministration' by the EIB. Note that before going to the Ombudsman, an attempt must be made to resolve the case by contacting the EIB. In addition, the complaint must be made within two years of the date when the facts on which your complaint is based became known to you. You can write to the Ombudsman in any of the languages of the European Union. Additional details, including filing requirements and complaint forms, are available at:
