GAZA CENTRAL DESALINATION PLANT - GCDP

## Quick Facts

Countries	Palestine, West Bank, Gaza
Financial Institutions	European Investment Bank (EIB)
Status	Approved
Bank Risk Rating	U
Voting Date	2019-11-14
Borrower	PALESTINIAN NATIONAL AUTHORITY
Sectors	Technical Cooperation, Water and Sanitation
Investment Type(s)	Loan
Investment Amount (USD)	\$ 435.28 million
Project Cost (USD)	\$ 641.36 million

## Project Description

According to bank documents, the operation is a fully grant-funded project concerning the construction of a sea water reverse osmosis desalination plant with annual capacity of 55MCM in Gaza. It also includes the related renewable energy component, as well as a five-year subsidy of operating costs and technical assistance for project management and works supervision.

The project, responding to pressing humanitarian needs, is addressing the scarcity and safety of drinking water in Gaza, which affects 2 million people. It will help regenerate the coastal aquifer, improve living conditions, boost the economy by adding construction jobs and also provide water for industry.

The project comprises two main components:

1. A desalination plant equipped with an independent power generation facility, to be implemented under EIB's supervision.
2. An associated works component that will add a south-north carrier system, which runs 160 kilometers, to be implemented under the World Bank's supervision.

## ACCOUNTABILITY MECHANISM OF EIB

The EIB Complaints Mechanism is designed to facilitate and handle complaints against the EIB by individuals, organizations or corporations affected by EIB activities. When exercising the right to lodge a complaint against the EIB, any member of the public has access to a two-tier procedure, one internal - the Complaints Mechanism Office - and one external - the European Ombudsman. A complaint can be lodged via a written communication addressed to the Secretary General of the EIB, via email to the dedicated email address [complaints@eib.org](mailto:complaints@eib.org), by completing the online complaint form available at the following address: <http://www.eib.org/complaints/form>, via fax or delivered directly to the EIB Complaints Mechanism Division, any EIB local representation office or any EIB staff. For further details, check:

[http://www.eib.org/attachments/strategies/complaints\\_mechanism\\_policy\\_en.pdf](http://www.eib.org/attachments/strategies/complaints_mechanism_policy_en.pdf)

When dissatisfied with a complaint to the EIB Complaints Mechanism, citizens can then turn towards the European Ombudsman. A memorandum of Understanding has been signed between the EIB and the European Ombudsman establishes that citizens (even outside of the EU if the Ombudsman finds their complaint justified) can turn towards the Ombudsman on issues related to 'maladministration' by the EIB. Note that before going to the Ombudsman, an attempt must be made to resolve the case by contacting the EIB. In addition, the complaint must be made within two years of the date when the facts on which your complaint is based became known to you. You can write to the Ombudsman in any of the languages of the European Union. Additional details, including filing requirements and complaint forms, are available at: <http://www.ombudsman.europa.eu/atyourservice/interactiveguide.faces>
