Investment Type(s)	Loan
Loan Amount (USD)	$ 20.14 million
Project Cost (USD)	$ 154.00 million

Project Description

The project concerns an allocation under SPL Romania EU CO-Financing for Environment 2014-20 (2015-0548) aiming to achieve compliance with the EU Drinking Water and Urban Wastewater Treatment Directives in the County of Cluj, Turda-Campia Turzii area.

ENVIRONMENT

The project is expected to have a significant positive environmental and public health impact and contribute to meeting the country's need in the water and sanitation sector, in relation to compliance with EU environmental legislation.

OBJECTIVE

The project will improve and extend the water supply and sanitation infrastructure in South East part of Cluj County (Campia Turzii area), within the Large Infrastructure Operational Programme 2014-2020, in order to accelerate the progress of complying with Romania's commitments in the EU Accession Treaty and bringing the sector in line with standards set by Directive 91/271/EEC and Directive 98/83/EC.

PROCUREMENT

The beneficiary (Regional Operating Company) has to ensure that contracts for the implementation of the project are tendered in accordance with the relevant applicable EU procurement legislation (Directive 2014/25/EU, as well as Directives 92/13/EEC and 89/665/EEC) as interpreted by the Court of Justice of the European Union, with the publication of tender notices in the Official Journal of the European Union (OJEU) as and where required.

ACCOUNTABILITY MECHANISM OF EIB

The EIB Complaints Mechanism is designed to facilitate and handle complaints against the EIB by individuals, organizations or corporations affected by EIB activities. When exercising the right to lodge a complaint against the EIB, any member of the public has access to a two-tier procedure, one internal - the Complaints Mechanism Office - and one external - the European Ombudsman. A complaint can be lodged via a written communication addressed to the Secretary General of the EIB, via email to the dedicated email address complaints@eib.org, by completing the online complaint form available at the following address: http://www.eib.org/complaints/form, via fax or delivered directly to the EIB Complaints Mechanism Division, any EIB local representation office or any EIB staff. For further details, check: http://www.eib.org/attachments/strategies/complaints_mechanism_policy_en.pdf

When dissatisfied with a complaint to the EIB Complaints Mechanism, citizens can then turn towards the European Ombudsman. A memorandum of Understanding has been signed between the EIB and the European Ombudsman establishes that citizens (even outside of the EU if the Ombudsman finds their complaint justified) can turn towards the Ombudsman on issues related to 'maladministration' by the EIB. Note that before going to the Ombudsman, an attempt must be made to resolve the case by contacting the EIB. In addition, the complaint must be made within two years of the date when the facts on which your complaint is based became known to you. You can write to the Ombudsman in any of the languages of the European Union. Additional details, including filing requirements and complaint forms, are available at: http://www.ombudsman.europa.eu/atyourservice/interactiveguide.faces
