## Project Description

This project is structured as a Framework Loan, comprises the schemes implemented under the investment programme of the Region of Pardubice.

The project comprises a multi-scheme operation classified as a Framework Loan and some of the schemes may eventually fall under Annex I or Annex II of the Environmental Impact Assessment (EIA) Directive 2014/52/EU. Should any such scheme have a negative impact on an area forming part of the Natura 2000 network (falling under the Habitats Directive 92/43/EEC or Birds Directive 2009/147/EC), the Bank would require the promoter to act according to the provisions of the aforementioned Directives as transposed into the national law. It is a requirement that all schemes must be implemented in compliance with the EU environmental legislation. Environmental and efficiency improvements in public buildings will be required to comply with the provisions of the EU Directive on Energy Performance of Buildings 2010/31/EU.

### ACCOUNTABILITY MECHANISM OF EIB

The EIB Complaints Mechanism is designed to facilitate and handle complaints against the EIB by individuals, organizations or corporations affected by EIB activities. When exercising the right to lodge a complaint against the EIB, any member of the public has access to a two-tier procedure, one internal - the Complaints Mechanism Office - and one external - the European Ombudsman. A complaint can be lodged via a written communication addressed to the Secretary General of the EIB, via email to the dedicated email address [complaints@eib.org](mailto:complaints@eib.org), by completing the online complaint form available at the following address: <http://www.eib.org/complaints/form>, via fax or delivered directly to the EIB Complaints Mechanism Division, any EIB local representation office or any EIB staff. For further details, check: [http://www.eib.org/attachments/strategies/complaints\\_mechanism\\_policy\\_en.pdf](http://www.eib.org/attachments/strategies/complaints_mechanism_policy_en.pdf)

When dissatisfied with a complaint to the EIB Complaints Mechanism, citizens can then turn towards the European Ombudsman. A memorandum of Understanding has been signed between the EIB and the European Ombudsman establishes that citizens (even outside of the EU if the Ombudsman finds their complaint justified) can turn towards the Ombudsman on issues related to 'maladministration' by the EIB. Note that before going to the Ombudsman, an attempt must be made to resolve the case by contacting the EIB. In addition, the complaint must be made within two years of the date when the facts on which your complaint is based became known to you. You can write to the Ombudsman in any of the languages of the European Union. Additional details, including filing requirements and complaint forms, are available at: <http://www.ombudsman.europa.eu/atyourservice/interactiveguide.faces>
