Project Description

According to bank provided information, the investment involves equity participation in AfricInvest Fund IV (the "Fund"), a pan-African, generalist, closed-ended private equity fund targeting mainly growth capital investments in small and medium-sized companies. The Fund will be managed by AfricInvest (the "Manager").

The investment strategy builds on the one that has been adopted in three predecessor funds. The Fund aims to build a diversified pan-African portfolio of private equity investments in growing and profitable companies with emphasis on those that are leaders in local markets across Africa. The Fund will adopt a hands-on approach by seeking to acquire influential positions through minority stakes with strong protections and selective majority transactions. It will seek to add value by enhancing governance mechanisms and helping portfolio companies to expand in new markets.

ACCOUNTABILITY MECHANISM OF EIB

The EIB Complaints Mechanism is designed to facilitate and handle complaints against the EIB by individuals, organizations or corporations affected by EIB activities. When exercising the right to lodge a complaint against the EIB, any member of the public has access to a two-tier procedure, one internal - the Complaints Mechanism Office - and one external - the European Ombudsman. A complaint can be lodged via a written communication addressed to the Secretary General of the EIB, via email to the dedicated email address: complaints@eib.org, by completing the online complaint form available at the following address: <http://www.eib.org/complaints/form> via fax or delivered directly to the EIB Complaints Mechanism Division, any EIB local representation office or any EIB staff. For further details, check:

http://www.eib.org/attachments/strategies/complaints_mechanism_policy_en.pdf

When dissatisfied with a complaint to the EIB Complaints Mechanism, citizens can then turn towards the European Ombudsman. A memorandum of Understanding has been signed between the EIB and the European Ombudsman establishes that citizens (even outside of the EU if the Ombudsman finds their complaint justified) can turn towards the Ombudsman on issues related to 'maladministration' by the EIB. Note that before going to the Ombudsman, an attempt must be made to resolve the case by contacting the EIB. In addition, the complaint must be made within two years of the date when the facts on which your complaint is based became known to you. You can write to the Ombudsman in any of the languages of the European Union. Additional details, including filing requirements and complaint forms, are available at:
